Muscle Balm

Can you take the heat?

We're not just going to make you feel better... we're going to help your body's own long term recovery process with ancient herbal wisdom and modern, natural science. Ask the elite athlete or the guy who's been in pain for years and then finds this stuff. Muscle Balm helps your body intuitively draw circulation to the area of need and is the perfect balance between a warm soothing sensation your achy muscles crave, and that cooling sensation that feels "oh so good!"... The best part? Our unique travel size makes it convenient for you to care for your muscles, hands free and on the go. No more messy hands, sticky jars, or the need to run and rinse off before using them again. Tired of waiting for that old tiger to change his stripes, we decided to ditch the kitty, and perfect Muscle Balm on our own. Clean, soothing, easy to use, and long lasting, our Muscle Balm contains capsaicin sourced from Australia's hottest chili peppers in the world, and the most concentrated dose of herbal oils and essential oils in our entire product line. This one's helped tens of thousands of people restore hope and faith in living a life of comfort, naturally.

Unique Transformation

What Makes It Different: Plant sourced capsaicin combined with the right ratio of herbal oils and a plant-based delivery system that pulls the nutrients to the area of need. Your body recognizes this plant system and knows exactly how to restore you back to comfort.

How to Use: Apply balm to aches and pains. Don't get muscle balm on your hands. Dilute with coconut oil if the heat is too much or if you forget not to get it on your hands. Avoid sensitive parts and eyes. Feel the burn.

Beauty Hack: All we're sayin' is don't get it on your hands, don't mistake it for lip balm, and remember it reactivates when you sweat or shower.

How much do I apply? Use the Balm applicator. Muscle Balm is highly concentrated and powerful, a little goes a long way and it can reactivate as your day goes on when you sweat. Avoid eyes and hands and mucous membranes!

What do I do if I applied too much? If you feel that you have applied too much or are experiencing too much intensity, we recommend diluting with coconut oil. It's been known to make grown men cry... in that hurts so good, kind of way.

Ingredients: Farm Fresh Cera Alba (Beeswax), Mentha Arvensis, Olea Europaea (Olive) Oil, Hypericum Perforatum Extract (St. John's Wort), Ricinus Communis Seed (Castor) Oil, Arnica Montana Flower Extract, Argania Spinosa Kernel Oil, Calendula Officinalis Flower Oil, Calophyllum Inophyllum Seed Oil, Essential Oils, Capsicum Frutescens Fruit Extract

Active Ingredients: Capsaicin – boasts an impressive nutrient profile and may relieve pains such as joint, muscle, lower back and more.

St. John's Wort – anti-inflammatory, may reduce swelling, calm mood and act as a muscle relaxant.

Menthol – may lessen pain and fight bacteria.

Arnica – may help with bruises, muscle aches and pains, inflammation and swelling.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Warnings: If this product generates too much heat for you, add coconut oil or any other type of oil to cool down. Water will activate the heat, so avoid water or rinsing if attempting to dilute.

Storage Instructions: Store out of the reach of young children. Keep in a cool place as the Balm may melt if overheated.
